

YESTERDAY'S PROCEEDINGS

Much Business Transacted in a Brief Sitting of the Legislature

Yesterday was a poor day for news in the Legislature, but a great day for business. Three bills, large and long, ricocheted through the House in the record time of one hour and fifty-five minutes, and passed their second reading, while a whole bunch of new bills were introduced.

So far the only legislation that has come before the House is in the nature of a confirmation of the ordinance of the Territories, very much the same form as Alberta was "Staked" to them when the Province commenced to have its being.

The bills read a second time yesterday were:

"An Act respecting Coroners."

"An Act respecting the Public Service."

And "An Act respecting the Department of the Attorney-General."

The first one is an exact repetition of the Territorial law with regard to coroners. The second is designed to outline the duties and remuneration of public officials, and government employees of all kinds. The only unique clause in the bill is found in section 27, which provides that "any application for an increase in salary made by any employee in the public service or by any person in his behalf, shall be considered as the tendering of the resignation of such employee." This clause is calculated to be a sufficient hint to the boys and girls in the government of freebooter good and be satisfied with the salaries that are paid for the positions which they hold. Another clause provides that there is no overtime for clerks except in case that it is so provided for by the Lieutenant-Governor-in-Council.

The third Act is for the purpose of outlining the business that comes under the department of the Attorney-General.

On the orders for this afternoon, although the matter may go over until the next day, there is some legislation that is entirely new.

A bill is to be brought in for me-

(Continued on page five)

FOUR FIREMEN MEET DEATH

New York Factory Wrecked and Burned by Explosions

New York, March 26.—Four firemen were killed and a score of firemen and citizens injured to-day in a fire accompanied by a series of explosions that demolished a six-story factory building in Greenwich district on the lower west side. That the damage, which is estimated at \$400,000, was not far greater was due to the explosions, which shattered the building and crushed the blaze beneath tons of debris at a moment when the flames were completely beyond control, and threatened to sweep the entire block. One fireman was taken out of the building alive, but died almost instantly. The bodies of the three comrades were recovered after the fire was over, crushed under the wreckage of the floors and walls that followed the explosion. The dead are firemen John Walsh, Geo. C. C. Rialman, Thomas Huchin, and J. Healey. Fireman Jacob Cohen and Louis Call were burned and removed to a hospital. Other persons injured were for the most part employees in the factory, dwellers in the adjacent tenements and persons passing who were struck by falling bricks. Three hundred men and women were in the factory during the lunch hour when a slight explosion occurred on one of the upper floors, and almost instantly the whole structure was enveloped in flames. Some had time to reach the street, but the greater number were compelled to take refuge on the fire escapes, where they remained huddled together and imploring assistance until the fire engines arrived. Before a ladder could be run up policemen, postmen and volunteers formed a human pyramid against the front wall of the factory and in this way handed down safely 60 girls.

FOOTBALL

There will be a meeting of the Edmonton Football Club at the Richelieu this evening for the purpose of organizing and choosing a team. The members of the club have been getting in a little practice during the fine weather on the vacant lot opposite the Richelieu. Challenges have been received by the secretary from clubs along the line as far as Lloydminster, and the secretary has also been in communication with the Cornthorpe, the English team that is at present touring Canada.

SECRETARY TREASURER KINNAIRD DEFIES THE CITY CHARTER

Declines to Give Information or Furnish Copies of Minutes of Last Meeting of City Council When Requested In Accordance With the Provisions of the City Charter

George J. Kinnaird, city commissioner and secretary-treasurer, has taken the city charter into his own hands and constituted himself self-appointed censor of the information regarding civic affairs which shall be given to the public.

He has, on his own recognition and admitted without any warrant from any higher authority, either administrative, judicial or legislative, set at defiance the city charter and repudiated and absolutely refused to recognize the particular clauses which are inserted there for his guidance and to curb his power in this connection.

Furthermore, the secretary stated that he had never before been asked by a representative of the press to produce any minutes of any secret or committee meeting of the council and had never done so. This statement is absolutely and specifically mistaken.

In refusing to produce the minutes of the alleged secret meeting the secretary-treasurer stated that he did not like the way he was reported in the Bulletin, and practically admitted that his refusal to give up the minutes was because the council meetings were not written up in a manner sufficiently complimentary to him and the dignity of his position.

As reported in these columns yesterday, Secretary-Treasurer Kinnaird declined to give to a representative of the Bulletin any information relating to the secret meeting of the city council said to have been held on Friday evening last, or to permit such representative to examine any books or documents containing any record of the proceedings of such meeting, if such meeting were held. In doing so the secretary informed the Bulletin representative that he was acting on his own responsibility and not on instructions from the city council or the mayor.

Thereupon a written demand in the following form was made upon the secretary:

Mr. Geo. J. Kinnaird:

Secretary-treasurer city of Edmonton.

Dear Sir—

In accordance with Clauses 1, 2 and 3 of Title XIII of the City Charter, I herewith respectfully demand that the records of the last meeting of the Edmonton city council be produced for the inspection of the bearer and that a copy of such records and other documents relating to the said meeting be provided me in accordance with clause 3 of said Title.

Yours respectfully,

The letter was signed by a member of the Bulletin staff who fulfills the requirements of the charter by being an "elector."

The clauses cited and under which the demand was made read as follows:

1. The secretary-treasurer shall attend all meetings of the council and shall truly record in a book without note or comment all resolutions, decisions and other proceedings of the council and (if required by any member present) shall record the name and vote of every member voting on any matter submitted. He shall safely keep all the books, documents, records and accounts of the council, the originals, (or duly certified copies) of all the by-laws thereof.

2. In case the secretary-treasurer is absent or is incapable of performing his duties the council may by resolution appoint some person to act in his stead during the period of such absence, or incapacity; and during such period the person so appointed shall have all the powers of the secretary-treasurer. The council may at all reasonable times inspect any books, records, documents or accounts in the possession of the secretary-treasurer, including the minutes of proceedings of the council, the assessment rolls, voters' list,

pool books and all other documents, in the possession of the secretary-treasurer, and the secretary-treasurer shall within a reasonable time furnish copies of any such documents or extracts therefrom to any such applicant at the rate of ten cents per hundred words.

When the typewritten demand was handed to him in compliance with the law, Secretary-treasurer Kinnaird scrutinized it very carefully and then stated that he could not recognize the demand.

When asked if it was because he disagreed with such a demand, to produce the minutes, he repeated that he did.

As the reporter was about to walk away Mr. Kinnaird called him back and stated that he did not like the way he had been reported in the Bulletin, referring no doubt to the account of the last regular meeting of the council, in which respect the Bulletin represented him as wasting the time of the aldermanic body so that a vote on the Hargrave question was not reached.

When asked if it was because he disliked the light into which he was thrown by the reporter that he refused to produce the minutes, Mr. Kinnaird did not specifically state that it was, but intimated it did not help the reporter to get the minutes.

When Mr. Kinnaird stated that he had never been asked for the minutes of a committee or secret meeting before, he evidently forgot that on Thursday, March 16, 1906, a reporter of the Bulletin called at the city commissioners' office and asked for a copy of a reply by the secretary-treasurer, Mr. Kinnaird, to the auditing committee, which was presented at a secret meeting of that committee, and out of which grew the trouble about the audit. This request was refused, just as was the request of yesterday. But the Bulletin tendered a written demand for the report, and on the 19th of March the reports were produced and tendered to the Bulletin. The report was thereupon published by the Bulletin.

In the present instance, however, the secretary has exceeded this precedent and declines to comply with the written demand regardless of provisions of the charter.

BAD FLOODS IN CALIFORNIA

Heavy Floods Cause Swollen Rivers and Flooded Cities

Los Angeles, Mar. 26.—A despatch from San Jacinto says:—Raging down its course in the maddest fury known in twenty-five years the Jacinto river threatens great damage to the town of Jacinto and to the extensive ranching regions nearby and to many other places in the valley. Bridges have been washed away and lands have been flooded.

San Francisco, Mar. 26.—Heavy rains continue in California. In the San Joaquin Valley, rivers and creeks are high. At Eureka \$100,000 damage has resulted from the storm. In the vicinity of Tulare Lake much of the country around Corcoran and Gurnsey is under water. In the Visalia a foot of water covers several streets. In the vicinity of Stockton 23,000 acres of low lands are under water.

A NEW YORK TRAGEDY.

New York, March 26.—Because Louise Franchini, a pretty girl, the daughter of the proprietor of the Tivoli restaurant, refused to elope with him, Victor Custine, a waiter in the restaurant, shot and fatally wounded her and then killed himself. The girl has two bullet wounds in her breast and is not expected to recover. The shooting took place in the hallway of the Tivoli which is one of the well known cafes of the Tenderloin.

THE WEATHER

Winnipeg, March 27.—The weather has continued generally fair and mild in Manitoba and the west. Forecast—Fair and mild today and on Wednesday.

MANY SETTLERS ARRIVE DAILY

Records Now Exceed Those of Last Year Until June 1st.

The main stream of the big rush of settlers has set in toward Edmonton and Chas. Sutter, Dominion Immigration Agent, stated this morning that the arrivals so far this year have been greater than the entire arrivals up to June 1, of 1905. The regular arrivals in the city now run from 300 to 500 a day, almost every one of whom is a land hunter. The immigration building is crowded to the curb every day of the week, and every hotel in the city is taxed to its capacity while there is scarcely a house for rent in the city. The first tenants to occupy the new immigration quarters down in last night, being August Graul, a German family of seven direct from Hamburg, who are going to take up land in the country east of Edmonton. Another party of Germans is expected in this evening to the number of thirty or forty, who also will be housed in the new quarters, and it is expected that the exhibition buildings will be fairly crowded for several months to come. Down at the lands office, Mr. Harrison and his assistants are having the time of their lives. As quick as the settlers arrive in the city they secure teams and then rush to the land office to get township plans in order to be able intelligently to file on homesteads. Yesterday morning and this morning morning there was a regular army of land-hunters waiting for the doors to open, and all day long the office was so packed that the waiting list extended into the street.

As an indication of what may be expected for the next three or four months, the first of the regular American excursions which left St. Paul on Wednesday last, required nine trains to handle the crowd of homeseekers coming west. Fairs of this excursion have been coming in for the past three days, and are going out east, west and north to homestead. So far everyone has been able to secure homesteads and good ones too.

WILL BE TRIED FOR CONSPIRACY
Prince Albert, Mar. 26.—James Sinclair, returning officer of Prince Albert district, was today sent up for trial on the charge of conspiracy to defraud in connection with the recent election.

Speaker Entertained Last Night

Hon. C. W. Fisher, speaker of the Legislative Assembly, gave a dinner last evening to a number of members of the Legislature and citizens of Edmonton. Mr. Fisher has made a reputation for himself as a first-class host, and the dinner was very much enjoyed by everyone present. The Alberta Cafe was tastefully decorated for the occasion, and the dinner was a credit to the proprietor. Music, songs, stories and short speeches whirled away all evening and the company parted at midnight, all vowing that it was one of the most enjoyable social evenings they had ever spent. Those present were:

Hon. A. C. Rutherford, Hon. C. W. Cross, Hon. W. H. Cushing, Hon. W. T. Finlay, Mayor Chas. May, C. A. Stuart, M.P.P., W. M. Davidson, Jas. Cornwall, J. R. Boyle, M.P.P., Alderman R. Mays, Dr. Wilson, N. D. Beck, M. McKenzie, M.P.P., Duncan Marshall, Dr. Hishop, A. S. Beaumont, M.P.P., O. B. Bigger, J. T. Moore, M.P.P., W. P. Bredin, M.P.P., J. J. Anderson, A. Brick, M.P.P., J. McPherson, M.P.P., J. H. Morris, J. McLeod, M.P.P., F. W. Walker, M.P.P., M. C. Galt, M.P.P., L. McCarthy, S. B. Woods, C. Heblert, M.P.P., G. H. Babbitt, H. W. McKinney, M.P.P., W. P. Puffer, M.P.P., and R. T. Tedford, M.P.P.

NEW TRAINS ON C. N. R.

Standing on the side track at the C. N. R. depot there are two solid trains of vestibuled Pullmans which comprise the additional rolling stock that will be required at this end of the road when the daily service comes into force on the Northern on April first. The cars are of the same high class of equipment as those heretofore used, and the Canadian Northern is evidently going to keep up to the luxurious standard of service already set, while making every effort to overcome the difficulties in complying with the time card that invariably present themselves to a pioneer road.

CONSTRUCTION COMMENCED ON TEMPORARY POST OFFICE

K. W. McLeod has called for tenders for the construction of the temporary post office which is to be built on his lot at the corner of McDougall and Rice, and commenced this morning to clear the ground, remove the other buildings, and excavate preparatory to commencing construction. The advertisement requires that the tenders shall all be in by Saturday, March 30th, and that the building shall be ready for occupancy by May 1st.

CONSERVATIVES NOMINATE CANDIDATE

Dr. Crang, of Strathcona, was nominated by the Conservatives at their convention at Red Deer last night to contest the Strathcona constituency for the Dominion Parliament at the forthcoming bye-election.

Dr. Crang contested the provincial constituency of Strathcona at the last provincial elections and was defeated by Premier Rutherford. He is counted the strongest man available as a candidate within the ranks of the Conservative party.

A TEXAN TRAGEDY

Runge, Texas, Mar. 26.—Near Couch, eight miles south of here, a Mexican named Ramon, overtook a vehicle containing two young women and a little boy. Ramon climbed into the buggy and cut the throat of one woman causing instant death. The horse became frightened and began to run away. Ramon drew a revolver and shot the other woman dead.

POLICE AND GREEKS HAVE FATAL ENCOUNTER

Chicago, Mar. 27.—Two detectives were stabbed, one fatally and the other wounded, with a knife in the hand of an assailant and two Greeks were shot, one fatally, in a fight between policemen and Greeks at Polk street, last night. One Greek arrested is believed to be the man who inflicted the wounds which may cause Detective Doyle's death. Thomas McAlister is a suspect in the case. Four men, all Greeks, accompanied a woman on the corner of Polk and Halsted streets. Detectives Considine and Doyle observed the act and attempted to arrest the men and the fight ensued.

CONVICT STABBED A GUARD

Jefferson City, Mo., March 26.—Today, when the convicts at the penitentiary were called for breakfast, guard J. W. Woods, of Macon Mo., was stabbed three times by a convict and died instantly. Another guard immediately killed the convict.

WINNIPEG MARKETS

Winnipeg, Mar. 26.—No. 1 northern, 75.7-8; No. 2, 74; No. 3, 73.1-3; No. 2 white oats, 32.1-4; No. 3 barley, 40; No. 1 flax, 1.10.

NEWSY ITEMS

FROM STRATHCONA

The Bulletin's Daily Budget From the
Sister Town

Strathcona, Mar. 26.—Mr. W. Ross, a miner from the Yukon who came to Alberta last autumn, left town this morning for Daysland to secure a claim there, but will return in about two weeks. Mr. Ross proposes to prospect for gold in Western Alberta before settling down to farm life.

Mr. N. D. Mills went south on the nine a.m. train for Red Deer. He will be absent for a few days.

Mr. C. A. Scott, Vancouver, B.C., came in on the C. & E. afternoon train. He is here for a few more car loads of stock for the Vancouver markets.

Mr. Sheppard is expected home from the east early in the week. They say he is away on important civic business.

Mr. Niblock, superintendent C. P. R., Calgary, came in on the C. & E. train this afternoon and passed on to Edmonton.

Mr. David Fraser, Government Boiler Inspector for Alberta, is busy now in the neighborhood of settler and is due in Strathcona Saturday evening.

Mr. Scanlan, for some time on the Galner staff, has resigned his position and will be travelling representative for the Edmonton Brewing Co.

Dr. S. Archibald, Medical Health Officer went south this afternoon on the 4 o'clock train.

Mr. Tanner is able to take up his work again at the Royal Hotel, after an absence of several weeks.

Mr. A. Schwartz, late of the Dominion hotel staff, is now at the Strathcona House, while Mr. Chambers late of the Strathcona House has gone to the Dominion hotel.

Mr. Frank Harris has covered his connection with the Commercial hotel. Ex-Mayor Davies has fitted up one of the most attractive real estate offices in town on Whyte avenue opposite Douglas Bros. store.

Mr. L. Thorstad, who has a claim near Wetsaskin, has just come to town from a trip to his old home in Minnesota. He says there will be a great exodus from Minnesota to Alberta this spring.

CORRESPONDENCE INVITED

Edmonton Branch : : H. A. GRAY, Agent.

**PROSPERITY AT
THE LANDING**Postmaster at Northern Point Tells
of Progress

James McKernan, post master, Dominion telegraph agent, and collector of timber dues and crown lands agent at Athabasca Landing, and incidentally one of the earliest pioneers of this and the northern country, is a visitor in the city to-day on his way to spend a few days at Beaver Lake.

"Jim" McKernan strung telegraph wires in this country when the Last West was the Great Lone Land. He ran the line from Battleground into Edmonton via Leduc for the Mackenzie government when there was not a white man in all the vast intervening territory, which is now producing its train loads of wheat, and along in the '70s he introduced the Morse code in Calgary and old Fort McLeod, when the buffalo used to wreck the line by rubbing themselves on the poles and the ticker was frequently drowned by the melody of the coyote.

"Jim" says he has quit fronting now and is living right in the heart of civilization at Athabasca Landing, where he dominates a two storey post office, with plate glass front, mission furniture, steam heat, a six foot Goldie & McCullough safe, scientific plumbing and all the essentials of a metropolitan office.

Mr. McKernan is one of those who have faith in Athabasca Landing. He points out that the Hudson's Bay and Revillon have built new stores on easily the equal of most of the mercantile institutions in this city, and that the northern trade, as evidenced by the amount of freight handled on the Landing road, is easily 50 per cent. greater than last year, if not twice as much. Great preparations are being made for a big spring business in transportation, and every shipyard on the river is busy.

John Fraser, of this city, leaves tomorrow for the Landing to commence construction of a fleet of York boats for Folk & Swiggert and other builders are already working in the yard. There are at least 50 boats to be built this spring, and there may be twice as many.

The big event in transportation circles at the Landing however, is the construction of Captain Barber's side wheel steamer which is now on the ways and the ribs all in place ready for sheathing. The new boat will be 55 feet from stem to stern, and 23 feet beam. She is light draft, but capable of carrying a great load. The engines and boilers are on the way from Galt, Ont., and should reach Edmonton for transshipment any day now. Capt. Barber's intention is to take his boat up the Athabasca and Lesser Slave River to Lesser Slave Lake and ply between the Moose Portage, on the Lesser Slave River, and the L. B. C. post at Salt Creek, where the trail to Peace River Crossing commences. Capt. Barber believes he can ascend the Moose Rapids without difficulty.

On the lower side, from Moose Portage to the Landing, Capt. J. H. Wood's boat, the Midnight Sun, will operate as last year. This, with a few teams working at the Moose Portage, will furnish a through line to the Peace River trail and as there is an immense amount of freight to go in this summer, it will undoubtedly be a busy one.

On the lower river, from the Landing down, there is uninterrupted navigation all the way to Fort McMurray, a distance of 150 miles.

Settlers are coming into the country in considerable numbers, and all the surveyed land around Athabasca Landing has been taken up, although this is not considered the best agricultural land in the country. North of the river, in the Calling Lake and Wabasca Lake country the land is all settled, and a petition is being prepared for presentation to the Provincial Government asking for a wagon road from the Landing to Moose Portage with spurs to Calling and Wabasca Lakes.

Further along, at the west end of Lesser Slave Lake, there is some especially fine farming land, and quite a number of settlers have gone in there and taken up squatters' claims. W. H. Selby, D.L.S., who left Edmonton a day or two ago with a surveying crew and outfit, leaves the Landing to-day for the head of Lesser Slave Lake, to spend the summer there subdividing townships. There are two other parties working in there already, and still another one to come, so that a large area of territory will be open for homestead there before August.

In the town, the real estate has shown the effects of the business boom which has struck Athabasca Landing. Inside business lots which sold for \$100 a year ago, are selling for \$1000 now. New businesses and business agencies are being opened right along, one of the most recent of which is a warehouse established by the St. Albert Milling Co. to supply flour and feed for the northern trade.

Seven hundred to eight hundred pounds of mill a week are handled through the post office and immense sums of money go through the Landing office for northern traders.

BILLS READY FOR THE HOUSE.

Winnipeg, Mar. 26.—Hon. J. H. Lamont, attorney-general of Saskatchewan, arrived in Winnipeg on Saturday from Regina. In connection with the opening of the first legislative assembly of the province, Mr. Lamont said the first session of the House would be an important one to the west. It was proposed to make extensive amendments to the existing ordinances. All the measures are in readiness for presentation and sweeping reforms were contemplated. Regarding the location of the capital personally he favored Prince Albert. The choice however would be made by a vote at the end of the session. The first session will be held in the old assembly buildings at Regina, despite the desire on the part of many to meet in some hall nearer to the centre of the city.

The reasons for this move are that the Government desires the first session to be held in the same buildings where the old territorial council lived and died, and where the legislature of the Territories held its sessions.

DEFYING THE CITY CHARTER

The refusal of Secretary-Treasurer Kinnaird to furnish information of the last meeting of the city council, and to provide an exhibit with a copy of the minutes of said meeting when requested to do so in answer with the provisions of the city charter gives a case and definitely suggests that in the trend of civic affairs already in a condition by no means satisfactory. It would be more correct to say the refusal constitutes an attempt to evade a condition of affairs which never should have been permitted to exist but which did exist and which was broken up a year since, as we supposed permanently. For the present action of the secretary while perhaps without precedent is by no means without parallel. A year since while engaged in a campaign for securing publicity in civic matters the Bulletin ran counter to the secretary in a somewhat similar manner. On that occasion a representative of this paper was refused information regarding a meeting of the council, but on a written demand being presented under the provisions of the charter, the information was produced and a copy of the required document was provided. On the present occasion however the secretary has extended even this precedent and has declined specifically to give either information or copy despite the provisions of the city charter.

While the violation of the city council toward the matter in hand could be no measure affect the obligations of the secretary to furnish the provisions of the charter, it is only fair to that body to say that the official refuses the mayor and the aldermen from all responsibility to the matter and admits the sole personal responsibility for disregarding the provisions of the city charter. While therefore the city council has neither the power nor the right to enforce any official from this avoidance or refusal of the duties imposed upon him by the charter, any such power or right which the council might presume to delegate to itself is arrogated by the commission of personal responsibility of the official.

The plain question therefore before the city council and the citizens is whether an employee of the city is to be permitted to repudiate the obligations imposed upon him by the city charter. Such repudiation we contend should be permitted under no circumstances in present or past. Of all when the city possibly goes to, either or anyone of such action is the prevention of the publication of information to which the charter declares the ratepayers to be entitled. The explicit purpose for which the "publicity" clause of the city charter was inserted was to ensure to the ratepayers the fullest information as to the management of the city affairs. Whether an employee of the city shall be permitted to frustrate this purpose by deliberate violation of the charter which was framed for the accomplishment is the question which confronts the aldermen and the ratepayers, and the answer should be nothing delayed nor uncertain.

AN HONORED STAFF

The *Banfield Herald* regarding a kick because "the entire staff of this paper were taken" to serve on a jury recently and the *Herald* in consequence had to shut up shop. This was hard luck for the *Herald*—graciously also the citizens. But for the staff it was a windfall. About the only holiday a "staff" gets is when they are linked up, and there may have been sentiment of human pity in the soul of the man who selected that jury. The *Herald* has been published with appointments regularly ever since the rebellion and for "working to it" under exceptional circumstances the "staff" certainly deserved a rest. But a holiday of the editorial staff involves expense and has to be enjoyed only by those with more or less accumulated wealth. This put the yearnings of the "staff" out of the catalogue of the practicable. However might come and awesome go, the loving beauty of spring give place to the good old summer time and this to the golden glory of autumn, but for the "staff" these were only memory's fading pictures of the dreams of youth. And if by chance a stray autumn straggler through the cotswold window flickered on the withered features of the "old man," or the "old" of the "true bloom" faded through the open doorway to the portals of the "death," these messengers from the great old world without brought only a sigh at the privations of the strenuous life. But help comes often from an unexpected quarter and what the limitations of the

laboring world faced, was provided by the course of law.

To be sure it was not much of a holiday from the general standpoint to exchange the daily grind for the mountainous pile of the court room, but even a change of call is a relief to the prisoner. And this change carried a measure of distinction which rewarded for his discharges. It was a proud day when the "staff" clean-shaven and white-shirted, up-held the scales of justice, and took out his docket to some offender or charged the reputation of an innocent man wrongly accused. Here was reward for the disappointment of a thousand failures when the "staff" had to work. And if this be so, enough the measure is filled by the knowledge that a thousand "staff" in this Great West grow green with every that comes. Successful brethren have had a day off and swell with professional pride at the distinction done the "staff." We doubt not the honor was deserved and that judgment paid the attention of "the staff" as jurors. The theory of jury selection is to secure a body of men who know nothing of the case in hand, and the character of the *Herald* gives all this a guarantee that "the staff" could fulfill such requirement admirably in any matter that the Court might wish to consider.

LAIRD'S LOST OPPORTUNITY

The Regina Leader has been devoting some attention to civic affairs as conducted under Mayor Laird. Opposition candidate in the late Saskatchewan Provincial elections and now comes out with the charge that Mayor Laird occupied the city hall for campaign meetings and has not paid the rental. On investigation of the city clerk the Leader makes the charges as follows:

Charge No. 1—The City Hall was engaged for Wednesday and Thursday, August 23rd and 24th, 1906, in the interests of the Conservative party of Saskatchewan in the name of H. W. Laird, who was then mayor of the city. The rental and regulations applying to the hiring of the City Hall requires that a deposit shall be paid and that the hall is engaged for any purpose which will appear later and others a deposit is entitled to secure the right to the hall for the amount paid. No deposit was made to secure the hall for these dates. The 23rd August arrived and it arrives the delegates to the Conservative convention. The hall was used and Mayor Laird was duly elected president of the Conservative Association of Saskatchewan, and the rent for the hall was not paid. The convention continued its work in one day and did not require the hall for the 24th and it was not used by them nor by any one else, having adjourned. The City is not out \$20 rental for August 23rd and 24th except for August 23rd.

Charge No. 2—The City Hall was again engaged in the name of H. W. Laird, then mayor of the city, for Sept. 18th and again no deposit was paid. This hall, however, as before was used, the event this time being a Provincial Rights conferring convention and again Mr. Laird secured the high honor of being elected president. The hall was not paid and the city lost another \$10.

It may be instructive if not edifying to read a list of all the City Hall rentals arranged about these times. It would run something like this:

Sept. 4-11, E. R. Baker, per P. G. Conrad, paid \$20.
Sept. 12-14, Clara Walker Co. paid deposit, \$25, and balance, \$25.
Sept. 17, Salvation Army, paid \$1.
Sept. 18 (Friday)
Sept. 18-21, London House Co. paid \$20.
The 18th was the date of the Provincial Rights conferring convention, and the civic records, which by the way, were last year merely kept on the face of a calendar hanging on the wall—show that the hall was reserved for H. W. Laird.

Charge No. 3—Mr. H. W. Laird, the Provincial Rights candidate, called a public meeting to be held in the City Hall on Oct. 18th, 1906. The hall was reserved for Laird, and J. P. Brown and J. E. McLeod attended the meeting. But the rent of the hall was not paid and another \$10 failed to swell the city's revenues.

That man Laird cannot be much of a politician. He is either blind or dishonest and in either event deserves defeat on this ground alone. Holding and practicing the doctrine of avoiding the rent and evading the landlord, the popularity of this principle as a plank in his political platform never struck him, or if he did he threw away the opportunity of a lifetime. The proposal for the legislation and general adoption of the practice would have been quite as logical, quite as just and quite as well calculated to promote the public welfare as the other plank in the party platform and would have been the trump card in a bad hand in the point of popularity.

SECURING REPRESENTATION TO STRATHCONA

The *Banfield Herald* takes occasion to criticize the Federal Government for the early date on which the election in the Strathcona constituency is being held. The House is now in session and the proposals are admittedly favorable to the election being short and on the 17th. The Strathcona district was to have representation in the House of Commons during this session it was necessary that the vacancy be filled without delay. By providing for this the Government has made it possible for the interests of this important constituency to be represented and advocated during the present meeting of the House, and to attacking this provision the "Province" is taking the ground that for the privilege of prolonging a campaign on issues already thoroughly laid out for the electorate it would be willing to risk having those interests misrepresented during an important session of Parliament.

TAKE NOTICE that an application will be made to the Legislative Assembly of the Province of Alberta at its first session for an Act to incorporate the "Edmonton and Athabasca Development Company," with power to construct a pipe line between the City of Edmonton and points along the Athabasca River to Port Arthur, for collecting crude and other oils and the delivery of the same to vessels and railroads, to develop, construct and install water power, to produce, transport and supply electricity or other motive power, and to act as general contractors, merchants, wharfingers, and warehousemen; to acquire and operate mines, minerals and mining rights; to construct and operate pump mills; to refine and reduce mines and minerals; to construct and operate electric railways, for acquiring abutments, water rights and timber lands; to construct and operate telephone and telegraph lines, and to do all things that may be necessary or convenient for the purposes of carrying out any of the powers granted to the company.

BANWELL GETS FOUR YEARS

**Toronto Bank Robber Sentenced—
Wm. Banwell Out on Suspend-
ed Sentence**

Toronto, March 26.—E. St. George Banwell, ex-convict of the Crown Bank, was sentenced to four years in Kingston penitentiary for the theft of \$40,350 from the bank. He pleaded "guilty" to the charge. His wife was let out on suspended sentence.

PROSPERITY IN PEACE RIVER

In a letter written by Sheridan Lawrence, of Port Vermilion, Peace River, on December 11th, 1935 and published in the Nor' West Farmer on February 20th, Mr. Lawrence says:

"Times are good here this year; furs are plentiful. The grain crop was rather light on account of the drought, but the quality of the grain was good. The crop of vegetables was good, except garden stuff, which was light. Two steam threshers operated here this season, one belonging to the Hudson's Bay Co. and one belonging to us. Our threshers put through some 12,000 bushels and the Hudson's Bay Company's machine somewhat less. That will sound small to farmers in the outside world, but some of us farmers up here had 3,000 bushels, while others had only from 25 to 50 bushels. But those of us who had from 25 to 50 bushels put out a line of traps and got some furs. So with a little wheat and a few furs and a half a dozen cattle we call it mixed farming.

"We have just finished butchering our hogs, killing 78 bacon hogs. Most of the meat is sold before it is fattened. We are wintering 50 hogs and also wintering 150 head of cattle. We have fed cattle very little yet, having had a very open winter so far. The horses are all out yet and are all doing well.

"We are busy now grinding up our wheat into flour for the fur trade. What is from \$1.50 to \$1.30 per bushel this season. Fresh bacon \$15.00 per cwt., best \$7.00 per cwt.

"There is a good opening in this place for a few good farmers. Wages are high. We have had to pay from \$35 to \$38 per month for any kind of men during the past summer. Prospects are that wages will be as good or better this next summer."

YESTERDAY'S PROCEEDINGS

(Continued from Page One)

chanic's license, which will be a radical departure from what there is now in force in the province. According to the act as it now stands, a mechanic's license may only be taken by a person who is a resident of the province and who is a citizen of the United States or of the United Kingdom. The new act simplifies the proceedings for a license and provides that a person who is a resident of the province and who is a citizen of the United States or of the United Kingdom may take a license at any time and by filling in a form which the law requires that the justice shall keep on hand he can take out a license instantly and the justice shall have power to try and adjudicate on the case, without any right of appeal whatever, in respect of any sum up to \$250. The act also provides that the labor man of the province have been asking for since long before Alberta was a province, and in all its essential details is similar to the British Columbia mechanic's license act which is calculated to be the best protection offered to working men in any province in Canada.

Another matter of legislation that will come up in the course of the next few days is with relation to the encouragement which the government proposes to offer to agricultural fairs. At the matter stands now, the government guarantees to give 66-2-3 cents as against every dollar provided by any agricultural exhibition association for prize money, up to the amount of \$1,000. The act as it will come before the House and will no doubt be passed provides that the government will put up dollar for dollar with any agricultural association, up to the amount of \$1,000. For the Calgary and Edmonton, which are now giving very handsome prizes this is a very important provision.

The bills introduced yesterday were: By Stuart—An act representing the Medical Association of Alberta. McCauley—An act incorporating the Vermilion and Coal Lake Railway Co. Rutherford—An act respecting Public Printing. Cross—An act respecting Mechanics' Liens.

HENRY J. ROCHE, Care The Northern Bank.

communications
Editor of the Bulletin—
Dear Sir:

Some short time ago a report appeared in your paper of a meeting of the Alberta Farmers Association held at Saron in which the various speakers spoke in disparagement of the Canadian Society of Equity. I cut out this report and sent it to Mr. Everett, the president and founder of the American Society of Equity, and I enclose herewith a copy of his reply which I think will be of interest to the Alberta farmer. It is the greatest pity there should be any disagreement between farmers, and I certainly have no wish to encourage same, but British subjects always boast that they give honor to whom honor is due. The Alberta Farmers Association boast they have taken the principal objects of their constitution from the plan Mr. Everett has introduced and yet in face of this run down the society which he has founded. Can any right-minded man say this is fair treatment. Farmers cannot afford to abuse courtesy and violate every business principle any more than other labor organizations can.

Yours truly,

FRANCIS C. CLARE,
Sec.-Treas. Belmont Union,
Society of Equity.

P.S.—I have just seen a letter in your paper signed W. A. Nelson, re Belmont Local Union, Canadian Society of Equity, in which he shows that a number of the society organized into the Alberta Farmers Association, at one of the union's meetings. As the secretary-treasurer of the Equity union, and present at the meeting, I think it is only fair to the society and myself to mention that in my official capacity, I invited Messrs. Keen, Brumell and Spaulding to the meeting and that the Alberta Farmers Association were not invited by any bona fide member of the union and that knowing these facts (for I explained them to them), for the Alberta Association to act in such an unseemly manner as to organize at another society's meeting speak volumes "not in their favor."

I much regret Mr. Wilson has been called upon to sign his name to such misrepresentation of facts as in report, and I may mention I know many of those present were not aware of the facts of the situation and as usual, joined because others did so.

In justice to our friends at Poplar Lake I will say that no word of Mr. Warner's at the meeting implicated them in the matter referred to and it was a delegate from a far distant union who suggested that the grain-growers withdraw their petition, which, I understand, they readily did.

F. C. C.

(copy).

Indianapolis, Ind., Mar. 9.

Dear Sir:—

Your favor is received with clipping referred to. I am glad to hear from you. Regret however your people have such a misconception of the A. S. of E. as is betrayed in the clipping.

In the first place, please understand that when we say American, we refer to all America, and particularly to Canada and the United States, which are practically one in their interests, as being great grain and stock producing countries, and each producing a large surplus.

I am very busy, and will be able to reply to the criticisms as contained in the newspaper article only in a very brief way.

Admitting that Canada has a department of Agriculture, we will also say the United States has a department of agriculture, and it has had a department of agriculture for a great many years, yet it is a fact, and every farmer knows it, that this department has not solved the farmer's problems. Instead they are becoming more serious every year, and new ones frequently arise. I predict that it is the same way with the Canadian department of Agriculture. We want to ask you whether the Canadian Department of Agriculture has been everything that the farmers could wish in solving their problems, in giving them good prices, in guaranteeing and giving such legislation as they need? If it has done this, then I admit that you do not need any Society of Equity by any name whatever. You have nothing to complain of; you should be perfectly satisfied, but I want to ask you in all fairness, are you satisfied? Is your business on a basis that it should be? Are you getting prices in proportion that you are paying other people for the goods that they produce, manufacture or sell to you? These are questions that will answer themselves, or any person can answer as soon as asked.

The A. S. of E. is not a political party, and I have never been able to see the slightest indication that there is any danger it ever will be, more than that I will say that I have never been able to discern the least necessity for the A. S. of E. ever being a political party or meddling with partisan politics. At the same time it will be useless to deny that when the farmers of the United States or the Farmers of Canada were organized, that they would exert a powerful influence on any party that is in power to compel them to give them such legislation as is for their interest in equity, by virtue of their great number and the importance of the business that they represent they would certainly exert such a power. It is a power that they have a right to exert, and in exerting it in equity, they would not only be doing good to themselves, but benefitting every legitimate industry, and institution and profession in the country.

If the Canadian farmers think they are strong enough to solve their problems of marketing their crops and securing profitable prices without the farmers of the United States helping them, then I say "Amen," and "Success to you." If, however, the Canadian farmers think they would be strengthened by all the farmers in the United States with them, and back of them, holding up their arms and strengthening them in all their demands for equity, then I say by all means the A. S. of E. should be one for all North America. The Canadian farmer surely will get more benefits by the United States farmers by co-operating with the farmers of our country. Your country needs a headquarters of its own, but it should be a headquarters of the A. S. of E. That is, you can have your own A. S. of E. and headquarters and the two headquarters can co-operate with each other.

I have given the matter much thought. I am satisfied there is much to commend in the idea of the United States and Canadian farmers co-operating with each other, and there is much to be lost and lack of uniformity will result if they work separately. Again I will challenge any person, or any set of people in your country to devise a better plan than the A. S. of E. plan. Therefore, if you do not join with us under our standard, you are bound to stand from our plan and work for the same objects.

I would think that the farmers of Canada would be too manly to appropriate everything that the A. S. of E. has and stands for, without as much as thanking us or co-operating with us.

Yours fraternally,

American Society of Equity,
J. A. EVERITT, Pres.

EDISON ITEMS.

(Contributed.)
Recently four councillors were elected in this district to supervise local improvement they are: Fred Meyers, Henry Knott, Edward Whitestein, Andrew Murray.

On the 17th inst an enjoyable evening was spent at the school house on the occasion of the entertainment given under the auspices of "The American Society of Equity." Aside from its social character, the meeting served as an opportunity to lay before the farmers of Edison the aims and fundamental principles of the society. To this end, the gathering was most ably addressed by the President Wm. Garrison, A. Murray Secretary, of the association and others.

Tenders have been called for the erection of the East Edison school-house. No time will be lost in putting this building in shape. When erected for the accommodation of children of the district. As settlement increases a third or a fourth school will be built if necessary; for Edison settlers recognize the priceless value of education.

Mr. Hugh Knott has returned from an extended trip through the east. He reports that an unusual interest in the west, especially the Edmonton district, is shown by Easterners generally and it is his opinion that this year will witness an unparalleled immigration to these parts.

NOTICE

Notice is hereby given that application will be made to the Parliament of Canada, at the next Session thereof, for an Act to incorporate a company under the name of "The Pacific and Eastern Railway Company" with power to construct, equip, maintain and operate a line or lines of Railway of standard or other gauge by means of steam, electricity or any other kind of motive power, from the City of Victoria in the Province of British Columbia, thence Northerly to a point at or near the Northerly end of Vancouver Island by the most feasible route, thence to the mainland to a point at or near Butte Inlet, thence Easterly through the District of Cariboo, via the Yellow Head Pass, to Edmonton, thence easterly to a point at or near Prince Albert, thence North Easterly by the most feasible route, to Fort Churchill on Hudson's Bay; and also a branch line from Edmonton to Dunvegan on the Peace River, with such powers, rights, and privileges as are incidental or necessary thereto, including the power to build, purchase, charter, or otherwise acquire steam and other vessels to be operated as ferries and to operate such vessels as ferries at any point on the route of said railway, where the operation of ferries may be considered necessary for or advantageous to the operation of said railway or its branches; and to construct, equip, and operate telegraph and telephone lines in connection with the said railway and its branches and to transmit messages for commercial purposes and to charge tolls therefor; and to generate electricity for the supply of light, heat and power and to acquire and develop water powers for that purpose and to lease, sell, distribute and otherwise dispose of the same; and to build, purchase, charter or otherwise acquire steam and other vessels for the carriage of passengers and freight and to operate the same in connection with said railway; and to construct, operate and maintain irrigation canals; and to build, purchase, lease or otherwise acquire work and operate grain elevators and other warehouses and carry on a general warehousing business, and purchase grain and other freight and sell or dispose of the same and construct and maintain docks, dockyards, wharves and piers at any point on or in connection with the said railway and at the termini thereof or at any port of call of any of the company's vessels, for the accommodation of vessels, elevators and warehouses, and to build, purchase lease or otherwise acquire hotels and theatres at any point or points along the line of said railway, and to maintain, operate, and conduct such hotels and theatres; and to receive from any Government, person or Corporation in aid of the construction, equipment and maintenance of the said railway and of any line of steamships or vessels running in connection therewith, or otherwise, in aid of the said railway, loans or gifts of money or securities for money and to purchase or lease from any Government, person or Corporation any lands, rights or privileges and dispose of such subsidies or aids in such manner as may be deemed most advantageous to said Railway Company; and purchase, take over, lease or otherwise acquire the property, rights or franchises of any other Companies and to lease or sell to any other Company the property, rights and franchises of the Company.

Fit-Reform

Ask men to judge Fit-Reform—not so much by what we say—but by the garments themselves.

Every man wants the BEST VALUE for his money. BEST VALUE means best cloth—best tailoring—best fit—best style.

You cannot measure Fit-Reform Suits and Top Coats by any other because there is nothing else in ready-for-service garments so fine.

The strength of our argument is in Fit-Reform garments.

INDIANS SUFFER FROM HUNGER

Failure of Cariboo Causes Want at Lake Athabasca

Athabasca Landing, Mar. 23.—J. Fraser, son of Col. J. Fraser of Chipewyan arrived with dog train in the Landing on Monday, the 19th. He was accompanied by two men. Mr. Fraser reports that the snow is deeper this winter at Chipewyan than for seventeen years and at Fort Smith or Smith's Landing the horses are starving.

At Fond Dulac (which means in Indian "end of the lake") 160 miles north-east of Chipewyan on Lake Athabasca, the Indians have been in dire straits for want of food. Some 400 or 500 Indians at this place depend on the cariboo for food and these have not come as is their custom. The Indians from Fond Dulac travelled for nine days towards the Barren Lands in search of cariboo, but finding none, started to return and travelled seven days homeward when they were overcome with weakness. A few of the stronger managed to reach the fort at Fond Dulac and report the condition of their comrades, whereupon a relief party was sent out with fish and flour. Seven families of Indians who travelled in another direction did not return and it is not known whether they have found deer or whether they have perished. Fur bearing animals are reported plentiful. Bar north, white fox and white partridge follow the deer but since no deer has put in an appearance there are few if any white fox or partridge.

Fine large fish weighing as much as twelve pounds are caught at Chipewyan, but at Fond Dulac the fish that are caught are small. Owing to the greater depth of the water, there the natives do not set their nets deep enough to catch the larger fish. Flour at Fond Dulac is \$10 per sack. Mr. Fraser is on his way to Edmonton to get supplies which he will ship north as soon as navigation opens.

Captain Barber of Winnipeg is building a boat here which will ply on Lesser Slave Lake. She is a side wheeler and it is the intention of her owner as soon as she is launched to take her north through Lesser Slave River while the water is high. She will be christened "The Northern Light" and is constructed so that she will carry from twenty-five to thirty thousand tons in three feet of water.

Robt. Easton of Clover Bar spent a few days in the Landing last week. Mr. and Mrs. Campbell Benson leave this morning for their home in Grand Prairie, they go by Lesser Slave Lake. Freighters from Lesser Slave Lake are hustling to get a chinook should come and take the ice out of the river entrance to the lake.

OBITUARY

Athabasca Landing, Mar. 23.—Mrs. Reeves, wife of Bishop Reeves of this place, passed into spirit life on March 23rd. She had not been well and Dr. Wilson and May of Edmonton were called to attend her. She seemed to be improving and no one anticipated that she would die. She leaves behind her husband seven children to mourn her loss. The eldest a son in South Africa, the youngest a daughter at home and five children, two daughters and three sons in England.

It will be thirty-seven years next month since the Bishop and Mrs. Reeves sailed from England for Canada; about thirty-five years they spent in the mission in the far north on the McKenzie river, where they were subject to all the hardships of pioneer life far from civilization and for several months at a time during the first ten years did not have ample provisions and often did not have the necessities of life; during these trials, Mrs. Reeves proved a help-meet indeed. She made no distinction—The Indians found in her a friend, and no one who came to her for succor in sickness or want was turned empty away when it was in her power to aid.

When we consider that she parted with her children in their youth to have them educated in a more congenial clime we know what a sacrifice it was to the mother-heart and our sympathy goes out as we more fully realize what a sacrifice she made for the cause she espoused.

She was unwearied in her attention to the sick, especially the children of whom she was very fond and these were conspicuous among the mourners.

The large concourse of friends irrespective of creed or nationality who followed her remains to their last resting place attested the esteem in which she was held.

Bishop Reeves performed the last rites, though it was a trying ordeal selecting for his text "blessed are the dead who die in the Lord." The bishop and family have the sympathy of the community in their bereavement.

Kelly & Moore

Fertile Farm Lands Near Alberta's Capital

Leduc, 20 miles south of Edmonton, on the C. & E. Railway, is noted for its rich agricultural lands, and large production of wheat and oats, of first-class quality. Cattle-raising and dairying are also important industries and large quantities of butter and eggs are marketed at this point. The country is partly wooded, and there are large coal deposits in the district; also abundance of water at from 12 to 30 feet in depth. There are numerous lakes, one being partly within the town limits. Fish and game are plentiful.

Homestead lands may be obtained at a distance of 20 miles from town. Other lands range from 36 to 240 an acre. The town itself numbers upwards of 400 inhabitants, principally Canadians and Americans, and is now applying for incorporation. Among the business establishments are a chartered bank, 3 grain elevators, 2 grain warehouses, creamery, pork-packing house, flour mill, planing mill, general stores, hardware stores, also hotels, and 5 churches. Telegraph and telephone systems.

Cattle marketed in 1905, 600. Eggs, 30,000 dozen.
Hogs, 7000. Potatoes, 25,000 bushels.
Coal, 1000 tons. Grain, 700,000 bushels.
Butter, 150,000 pounds.

Correspondence invited and may be addressed to

Mr. Edward Lee,

Corresponding Secretary of the Business Men's Association, Leduc.

LOCAL.

In order to reach the News or Editorial rooms of the Bulletin, ring up Phone No. 450

—The city council meets this evening.

—Choir recital in McDougall church tonight.

—The proprietors of the Windsor hotel are installing a cigar and news stand.

—The Young People's Guild of Queens avenue Presbyterian church held a most enjoyable social evening last night.

—R. L. Pickell, a brother of Kenneth Pickell, the Edmonton jeweller, has taken a place on the wire at the C. N. R. depot.

—The Edmonton Liberal Association will banquet the members of the Legislature at the Queen's hotel on Friday evening.

—John Hanpert, R. L. Griner and J. F. Graham, of Harper, Iowa, are in the city looking over farm and city property with a view to investment.

—The National Trust Co., liquidators of the York County Loan Co., have issued a report of the progress of the work. Copies may be obtained at the local office of the National Trust.

—The Dominion Brokerage Co., Ltd., have opened offices in the old A. McDonald & Co., warehouse, in the rear of the Union Bank, with J. G. Edgar, former manager of the H.B. stores in Calgary in charge.

—R. Kenneth, of the Edmonton Tent and Mattress factory, is moving to-day into his new two-storey premises on Second street, next the skating rink. He is also installing a portable \$2000 vacuum carpet-cleaning apparatus.

—Tickets for the banquet to be given by the Edmonton Liberal Association to the members of the Legislature on Friday evening may be secured from P. E. Lessard and J. A. McKinnon. Prominent speakers from outside points will be present.

—The one-storey building on Fraser avenue formerly occupied by W. Webb as a meat shop, and owned by R. Kenneth, was moved up to Second street to-day, next to the premises of the Edmonton Tent Factory, and will be occupied by The Cameron Co., paper hangers.

—The opening of the new pipe organ in McDougall Methodist church takes place tonight when an organ recital will be given by Mr. Frank Rigley, the organist of the Presbyterian church, Calgary. The best local talent has also been engaged for the evening and an entertainment of a high order is to be expected.

—The Edmonton Commission Company have opened offices in the premises formerly occupied by the Bank of Nova Scotia. They have a private wire and receive quotations every ten minutes on each business day from all important markets. J. D. Buxton, who has been connected with stock markets in large American centres, is manager.

—Over \$60 was contributed towards the Japanese famine fund during the social hour at the First Presbyterian church on Sunday evening. The secretary of the board of trade, F. T. Fisher is receiving other contributions, and the amounts will be handed over to the secretary of the famine fund at Yokohama by Mr. J. A. McDougall and Rev. Mr. Ewing when they arrive in Japan.

—Lillian Lovina Hallberg, daughter of Samuel A. Hallberg, of Ross Creek, died at the Sanatorium, corner of Elizabeth and First, yesterday afternoon at three o'clock. She was eighteen years of age, and had been an inmate of the Sanatorium for some two months, suffering from heart trouble. The remains were shipped from Lubbock's undertaking parlors this morning to the home of the deceased's father at Ross Creek.

—The Young People's Society of First Presbyterian church held a literary evening last night, at which there was a debate between the high school and the society. The subject was, "Resolved: that the Senate of Canada as at present constituted should be abolished." The affirmative was taken by the speakers from the high school, and the decision was given in their favor. Soles were rendered during the evening by Miss Jessie Potter and Miss Miss Jessie Cameron.

—The executive of the high school literary society were photographed on Saturday at Brown's studio. Those who appear in the photograph are Hon. A. C. Rutherford, Rev. H. A. Gray, patron; Principal Rae, honorary president; John Knox, president; Miss Lily Doss, vice president; Miss L. Anderson, corresponding secretary; Miss K. Wade, secretary-treasurer; Harry Bragg, editor; Ray Powell, assistant editor; Clyde Sutherland, recording secretary; Miss Burkholder; Miss Fairlie McSween, Miss McAuley, Walter Walker, R. H. Johnston, and G. E. Ellis.

—Calgary Herald: Two G. T. P. survey parties are now at work on the projected line of that road to Calgary. One party is now at work on the survey of a crossing of the Knee-Hill creek, near the mouth. The other is at work east of Lacombe. The party which went out from Calgary is in charge of Surveyor Bergen, and he has a crew of fifteen men who have been at work all winter on the main line in

the Beaver Hill's. The men were brought in from Strathcona, and sent down here and put to work at once. No particulars are obtainable as to the movement of the party after they locate the Knee Hill crossing, which is about eighty miles northwest of Calgary, but it is presumed that they will work northeast of the creek and then head towards Calgary. It is not known whether there will be any more crews put at work on this line or not, but it looks as though there will be G. T. P. rail's headed this way within the near future.

SOCIAL AND PERSONAL

C. W. Fisher, speaker of the legislature, returned to the city last night from his home at Cochrane.

Mrs. J. R. Benson will receive at her home on Seventh street, on Friday, March 30, and afterwards on the first and second Friday of each month.

W. M. Davidson, of the Calgary Albertan, who is attending the session of the legislature, returned to the city last night, after spending the weekend at his home in Calgary.

Messrs. Chas. A. Stewart, of Calgary, W. F. Puffer, Lacombe, A. S. Rosenroll, of Wetsaskin; and J. R. McLeod, of Ponoka, returned to the city last night, and are registered at the Alberta.

BUILDING PERMITS ISSUED YESTERDAY

A building permit has been issued to Robert Lee, of the firm of Crafts & Lee, for a handsome dwelling which will be built on the corner of Victoria and Third streets. Johnston & Barnes are the architects and Phaeas & Batson will do the building. The dwelling will cost, approximately, \$9,000, and when completed will be one of the most handsome among the many beautiful residences of the west end. Among the other permits that were issued yesterday were one to Ben Haskins for a \$1000 residence on Fraser, one to W. Muller for a \$1200 residence on Fraser, one to R. McIntosh, of McIntosh & Campbell, for a warehouse costing \$800, on Fourth street, and one to W. H. Gardner for a carpenter shop and wood factory on Second street, at an expense of \$1500.

ORGAN RECITAL PROGRAM

Following is the program for the organ recital in McDougall church tomorrow evening:

Organist, Mr. Frank Wrigley, L.A.B. Solo, "Overture in E Minor," Morandi. Solo, "Andantino No. 1," Lemars. Trio, "On These Each Living Soul Awakes" (Cremon) Haydn. Mrs. A. H. Bennett. Solo (a) "Mignon Gavotte," Thomas (b) "A Little Ode," Frank Wrigley. Song, "The Face of an Angel," Godfrey. Mr. G. H. McLeod. Solo (a) "Spring Song," Mendelssohn. (b) "March of the Magi Kings," Dubois. Aria, "Honor and Arms," (Samson); Handel. "Fantasia on Scotch Melodies," Peace.

DIED.

Bristol—At Edmonton, on Tuesday, March 27, Kittie E., beloved wife of Frank Bristol.

Deceased was formerly a resident of Rochester, N.Y., and had been ill for some time.
